Description

Superb and rare pair of 18th century oil painting on zinc. For one, it represents an interior secene in a kitchen where we see a woman with a bare breasts surrounded by 2 children. for the other, a young woman seated at the edge of a table prepares the meal, accompanied by a young child. The work of his paintings is of great finesse, the details are clear and the colors have remained very bright. They are presented in a wooden frame and recent gilded stucco. Rare painting in pair of superb quality and in excellent condition.
