## Christofle - Silverplated Candle Holder

300 EUR

Signature : Christofle

Period : 20th century

Condition : Bon état

Material : Silver metal

Length : 21 cm

Diameter : 18,5 cm

### Description

Candle holder in silver metal, with pearl decorations and a crowned cartouche, with a lion lying inside.

It has its snuffer with its well-defined location.

Indeed the central part allowing to fix the candle is extended by a rod giving rise to the support of the extinguisher.

This part separates from the whole in order to be better cleaned.

Very good condition, to note some scratches of use and a little visible micro shock. Also some traces of silvering on the back where the candle holder rests and where it is therefore the most in contact.

French work from the end of the 19th, beginning of the 20th century, from the famous Christofle house.
