Description
-------------

Large portrait of a Woman Period late I Empire XIXth Century Oil / canvas Vienna Portrait Large portrait of a woman in a blue dress, wearing an astonishing diadem hat with ostrich feathers. These dresses are found around 1810-1815 at the end of the first empire in France. We will find p. 339 from the work of Monsieur François Boucher, a portrait of Isaline Fé by Firmin Massot around 1810, illustrating the same dress without a neckline but surmounted by a collar reminiscent of strawberries from past centuries. Also worth seeing is a portrait of Germaine de Staël by Vladimir Borovikovsky in 1812, with a very similar headdress. These elements suggest that this is not a French school but very likely a Swiss or Austrian school. Oil on canvas. 19th century frame repainted. Frame dimensions: 126
