### Description

VERY NICE BACCARAT CRYSTAL LAMP  
SHOWING TULIPS and THEIR BULBS

**\*\* SIGNED BACCARAT DEPOSÉ \*\***

Circa 1950-1960

Total height: 58 cm / Height of the crystal base:  
28 cm

Max. diameter. 16.2 cm / Weight: 2.660 g

Important model of lamp with naturalistic  
decoration in molded crystal depicting bulbs from  
which rise a wreath of four tulips.

It rests on four feet formed from the extension of  
the flower stems to the back.

The upper part surmounted by a tubular frame in  
the form of a lyre is used to receive the  
electrification and to support a lampshade (I  
could, on your request, redo the electrification  
before sending you the object).

(Just to report small deformations of the tubular part of the frame, without real consequence since it will be masked by the lampshade; and to report some slight signs of wear and tiny chips under the base, especially around the feet).
