Description

Rare and important scriban in painted and polychrome wood with scenes by Arte Povera, this is a Venetian work from the mid-18th century. Convenient in the lower part and opening with three rows in three rows, a flap revealing a set of 5 small drawers and a niche, the upper part opening with two leaves surmounted by an openwork pediment topped by a vase carved with mecca leaf This "beautiful" and rare piece of furniture painted with a celadon green and coral background is decorated on the outside with bouquets of polychrome flowers in rock gardens, the interior of scenes known as Arte Povera, the moldings partly painted with meca (silver leaf), it is mounted on coniferous wood and or poplar, presented in its old "juice" with some accidents and lacks, nevertheless rare
