

Pair Of Soft Porcelain Sculptures From Chantilly

1 850 EUR

Period : 18th century

Condition : Bon état

Material : Porcelain

Diameter : 13 cm

Height : 21,5 cm

Description

Pair of subjects in soft Chantilly porcelain representing two groups of children on rocky bases, the first group very bare and the second lightly dressed and combed. These two groups present cooking cracks, one of the two children dressed in one arm and behind his previously restored shoulder, the second boy has a crack at the level of the head, one at the level of the leg as well as a small piece of restored foot. The other group presents a lack of leaf and a small shine at the level of the hair. Production of Chantilly XVIIIth Century.

Dimensions: Height: 21.5 cm - Base diameter: 13 cm
