Period : 20th century

Condition : Parfait état

Description

Skotlampen by Lauritz Knudsen for Louis Poulsen.

This vintage Skot lamp has never been installed and comes from the stock of an architect of the 60s / 80s
Absolutely intact. In its original packaging with its assembly instructions, the key and the grommets.

Created at the start of the 20th century by Lauritz Knudsen, the bulkhead light was actually developed for ships and sea areas due to its sturdy design and quality. Over the years, the Skot lamp has found its way into many other places and its classic design has become a hit as both outdoor and indoor lighting.
