Description

Large polychrome wooden sculpture depicting the solemn figure of the Virgin holding the Child in her arms.

Work that intrinsic all the best qualities of Spanish sculpture of the end of the 16th century.

The Spanish school of the Pyrenean region is visibly influenced by French art.

The wood is carved with great precision and the movement of the drapery is perfectly calibrated.

The state of conservation is visible from the detailed photos, the sculpture has only been consolidated without affecting the patina of time.
