

Sewing Pliers

Description

Wrought iron dressmaker's tool mounted on a clamping screw to be held on the edge of a piece of furniture or the arm of a chair with a clamp in the center to hold the fabric, allowing the designer to work with both hands, a double crank spool on one side and a pincushion on the other side. This tool is provided with neat and elegant finishes in the forms; the head of the screw has the KP monogram as a signature, there is a small old weld repair below the pincushion 18th century height with the screw tight: 17.5 cm.
