Description

Work table with opening top made of ebonized oak wood with bone inserts. On the top there is a graceful geometric decoration containing a medallion painted with floral motifs inside, while the different facades also have different decorations with naturalistic motifs. The piece of furniture is of English origin, dating back to the second half of the 19th century.The state of conservation is good, but it has some dents on the edges due to use and time; it needs a conservative restoration.Contact me at 00393355730164 or by email at vincenzolovato@gmail.com for any additional information, condition report, data sheet, other images or anything else related to shipping, packaging, etc....
