

## Bressanne Brooch In Silver And Enamel - Circa 1900

815 EUR

Period : 19th century

Condition : Très bon état

### Description

Large bodice brooch worn in Bourg en Bresse and its region in the 19th century. The motifs are each set with an enamel surmounted by a small claw-shaped bezel with a stone of a different color. In the 21st century almost all the workshops have closed and the existing manufacture has been greatly simplified, particularly eliminating the upper bezel adorned with a small colored stone.
