Description

Presented in massive frames, these two gouaches by Van Neer offer us a bucolic view of a country house and a village with thatched and half-timbered roofs -

I liked the audacity of the outrageous perspectives, the Italian format, frank touches of color treated in flat and surrounded by black -

Sale by unit possible - Probably late XIX -

Good condition, freshness of colors -

79.5 x 52.5 with frame

46.5 x 20 gouache
