Description

Rare pair of salt cellars or grocers with three compartments in earthenware probably from Auxerrois.

we sometimes also say spice boxes!

they are in good used condition without cracks or restoration with just chips due to their great age, they date from the 2nd half of the 18th century.

it is quite unusual to meet them in pairs.

good condition and very nice decoration of flowers with tulips on one of the two.

take a look at the photos, thank you.
