

## Tubogaz Lapis Lazuli And Sapphires Bracelet

3 700 EUR

Period : 20th century

Condition : Très bon état

Material : Gold

### Description

Old bracelet made of a tubogaz mesh ending on both sides with a row of calibrated sapphires and which retains on the top a flat cabochon of lapis lazuli circled in gold. The clasp is a ratchet with 8 security. Period: 20th century Main material: yellow gold, 750 thousandths, 18 carats, rhinoceros head hallmark. Inner circumference: 16cm, pattern length: approx. 5cm, pattern width: 14.1mm, pattern thickness: approx. 5mm. Total weight of the jewel: approximately 29 g. Old jewel - French work from the 1940s. Our opinion: This lapis lazuli and sapphires bracelet is the result of the transformation of an old watch whose mechanism and case were out of use.
