1 850 EUR

Signature : trace de signature

Period : 19th century

Condition : Très bon état

Material : Oil painting on cardboard

Width : 41,5

Height : 52

### Description

Charming representation of a 19th century Italian spinner. This young woman is not far from Bologna. Trace of signature

Very nice treatment of the light that reflects on the rock and illuminates the face. The details of this painting are equally interesting: the costume, the face and the thread of the spool.
