

Set Of Crystal And Silver Bottles

380 EUR

Period : 20th century

Condition : Très bon état

Description

Set of six crystal and silver toiletries, and a cylindrical-shaped sprinkler entirely in silver. This set could also be used for traveling, as to remain fixed in a bathroom.

We find there:

Two crystal jars with cut sides with silver stoppers, one oval in shape and the other round, both in very good condition.

A series of three bottles of identical shape, two of the same size and one smaller. The body of the bottles is in crystal with cut sides, the silver stoppers are aimed at a brass base. Among the three, only one has a glass stopper, it should be noted a slight tear on one edge of one of them, and another very slightly opaque.

A small bottle with its silver stopper.
