Description

Called Sernig, these closed jars, were intended during the milking of cows or goats, and for the preparation of "gatig, close to cream.

They are found in different sizes, with a fitted lid. Red and yellow copper widely chiseled of Greek and interlacing.

An almost similar model is present at the Heydar Aliyev foundation in Azerbaijan.

Metal craftsmanship in these regions is present 5000 years before our era.

This type of pot shape is also found in the Maghreb.
