Description

Alfonso Filieri (20th century) : "Geometric abstraction", oil and charcoal on canvas 40 X 50 cm, circa 1970. Well, I admit, I am not usually fanatic of geometric abstraction, but I find this painting as a "musicality" in the arrangement of the colored dots on the lines which is not without poetry ... The artist, active in Rome and in Paris where he was exhibited at the Mouffe gallery, was still active at the beginning of the 21st century . Traces of title and signature on the back which also bears a label with the coordinates of the painter. A little cleaning to plan.
