Description

Entirely handmade, pure wool, size 3.52mX2.50m These rugs are made in workshops in the Kashmir region which stretches between Pakistan and India. They are made from wool and their high knotting density gives them good resistance. Wool is one of the most widely used materials in the manufacture of rugs. Wool rugs are durable and perfectly capable of withstanding everyday use. Wool is a natural dirt repellant, which makes it easy to keep clean. It is fire resistant and maintains its shape naturally, the pile of the carpet always stays in place and easily returns to its original shape.
