Description

Pretty Venetian mirror from the very end of the 19th century in Micro Mosaic. Oval in shape, it is decorated with daisies on a blue background, and the pediment is decorated with a bird in a bouquet of flowers. Work of incredible finesse, typical of the work of the Venice region at the end of the 19th century. It rests on a stand, psyche style but can also be hung on the wall. Not a common model, large size for this type of mirror.
