Description
-------------

Superb patina for this classic Zulu puzzle from the first half of the 20th century (see end of the 19th century). To make the wood of this weapon harder and rot-proof, we used fire during its creation. This one was a little hot at its end, the wood has darkened a little. Condition: Correct. Some cracks in the wood due to its age. Wood blackened in places due to exposure too close to the fire, but prior to the patina given to it by its age. Fast and careful shipping, with tracking. Possibility of hand delivery, in the south of France, Gard and surroundings. Available for any request for additional information
