

Old Large Cup On Foot In Cut Crystal XIXs Diam 27 Cm

500 EUR

Period : 19th century

Condition : Très bon état

Diameter : 27

Height : 24

Description

Large fruit bowl or centerpiece in hand-cut crystal.

The bowl features deep, regular cutting, while the stem--although hollow--remains solid in structure; the piece is thick, heavy, and visually impressive.

An early production dating from around 1870-1880, unsigned but very likely from a major manufacturer given the quality of workmanship and the generous dimensions.

Very good condition: no chips to the bowl and only minimal signs of wear, consistent with the age of the piece.
