300 EUR

Period : 19th century

Condition : Très bon état

Material : Copper

Length : 300

Width : 56

Height : 49 et 41

Depth : 36

Description

This bowling chest consists of a resinous "soul" covered with copper leaves ', stamped' with decorations of village scenes from the 16th or 17th century, surrounded by motifs of flowers and pearls. The cover, with an inclined plane, shows a game of bowling in a village square. (Inscription: "bowling game" ", lower left. The facade receives a drinking scene in the same village. The sides show two games scenes (dice ...) but in a tavern interior.
