Description

"Conversation in mirror", St (unknown title), Variation on a narrative composition annotated by the artist, 6 juxtaposed brass, numbered VII / XV and hand signed in pencil by the artist. Interesting variation of a larger format on the narrative composition that we also offer ("engraved conversation") but which reverses the brass of the print, with embossing and therefore the story - here forming boxes - but also enriches them. The composition is this time annotated, indication H (top) and Bottom but also working lines such as squaring. This proof, a fabulous work in progress finally justified and signed by the artist, is also richer from a chromatic point of view, presence of blue or red lines in the "boxes" and iodine variation in the color of the blue bubbles. but also green.
