Description

Very beautiful cut in enamel plique à jour based on a metallic lace structure with floral decoration.
a charming and very decorative cup, when you have it in your hands you realize the remarkable work done on this beautiful object.
in the light the effect is all the more striking because each small enamel compartment is translucent like glass, we then have the sensation of having a three-dimensional stained glass window between the hands.
a beautiful work quite remarkable and with the charming pink and blue floral decoration on branches of a beautiful green.
dimensions: diameter 15.3 cm and 6 cm high
a very beautiful technology of enamels, a beautiful collector's item which gives all its depth to electric light or daylight.
