

## Pilgrim, End Of The Gothic Period

2 200 EUR

Period : Before 16th century

Condition : Bon état

Material : Stone

Length : 70 cm

### Description

Pilgrim figure in sculpted and polychromed limestone. He holds a calabash in his left hand. He probably held the pilgrim's staff in his missing right hand. Very beautiful face framed by a long and bifid beard with still Gothic influence. He is wearing a cap with raised edges, and dressed in a tunic as well as a dalmatic with scalloped edges.
