#### Description

[Gouache on paper]. Lacustrine landscape.

Dimensions: 178 x 128 mm + frame. Delicate gouache - probably at the end of the 19th century - featuring a bandstand as well as an imposing building on the edge of a lake. In the background, stand a mountain range; suggesting that this is the representation of an alpine landscape. Small angular perforations. Slight lack in lower margin. Besides, very good condition.
