Description

In geometric shapes, an old pendant made up of a trapezoidal diamond with, at the base, a brilliant-cut diamond which holds the pendant formed of a step-cut emerald in a tassel, supporting a pattern made of baguette, trapezoid and brilliant diamonds. Period: 20th century Main material: white gold, 750 thousandths, 18 carats, eagle's head hallmark. Emerald weight: approximately 0.89 carat. Diamond weight: approximately 0.53 carat. Proportions: Height: 2.7 cm, width at the widest: 9.4 mm, thickness: 4.6 mm. Net weight: about 2.6g. Authentic old jewel - French work of the 1970s. Our opinion: A lot of chic for this emerald pendant to be worn on a thin chain. To find out more Discover the product sheet of this Vintage Emerald Diamond Pendant online.
