Description

This set is a unique Art Deco-style jewel. It consists of a large tassel from which hangs an onyx bead beneath a white gold bail, followed by two green jade "pi" beads separated by a diamond-set ring. The pendant is composed of numerous strands of tiny antique black glass beads interspersed with small natural white pearls and cultured pearls. The matching earrings are mounted on Italian-style white gold hooks, black onyx caps, and very small natural pearls, finished with cultured pearls.
