

XVth Sculpture Head Of A Bearded Man

3 400 EUR

Period : Before 16th century

Condition : Bon état

Material : Stone

Height : 19 cm

Description

Superb and rare 15th century stone bearded man's head. Of great presence this head of a bearded man who can be a teacher is a fragment of a larger sculpture. The work of the beard and the hair is very characteristic of the time, the hollow eyes and the deep gaze give a real realism to the sculpture. French work of the XVth century rare and can be presented on a plinth.
