Description
-------------

The beauty of this ring lies in its harmonious combination of two precious metals, yellow gold and white gold, which come together perfectly to create a subtle and brilliant contrast. The delicate patterns and details, specific to ancient craftsmanship, give this ring a vintage charm, echoing a bygone era while integrating perfectly with modern trends.

At the center of this work of art is a fine pearl of rare elegance, whose diameter of 0.5 cm gives it a discreet but captivating presence. Its pearly hue and smooth surface add a touch of natural grace to the whole, creating a subtle contrast with the dazzling sparkle of the surrounding diamonds.

The diamonds, 24 in number, are carefully chosen
