Description

Beautiful and authentic pair of corner woodwork, in lacquered fir, from the 18th century, Louis XV. On plinth, iron "rat tail" cards. Each corner opens with 4 doors. 9 original shelves. Sold as is, they need to be restored: 1 cornice and plinths to be reattached at the level of the assemblies. Lots of coats of paint chipped in many places and cracked. Usual restorations to be expected: small grafts, door adjustment. This corner pair has great potential after restoration, (they can be repainted or left stripped in raw fir, to suit everyone).
