Description

Art Deco rosewood cheval mirror. The saber-shaped leg is characteristic of this period, as is the stepped design that balances solid forms with open space. The lower drawer is accented by bronze handles, while the upper section features an asymmetrical, tiered profile (61 cm high). Bird's-eye maple interiors contrast beautifully with the rosewood exterior. A groove along the side and top (height 39 cm) adds a refined touch to the mirror's design. Ideal for an entryway, a hallway, or a bedroom. Delivery available (not included in the price). Open to offers! A new adventure is on the horizon.
