

Napoleon III Bronze Photo Frame

280 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Diameter : 18 cm

Depth : 1,86 cm

| Description |
|-------------|
|-------------|

Round bronze photo frame with its original patina.

It hangs on the wall thanks to the ring that can be seen above.

It opens from the bottom by pulling on the two parts, allowing you to insert a photo.

Very good general condition, note some slight scratches on the glass, just one is deeper (see photos).

French work between the middle and the end of the 19th century.

Dimension -

Weight : 1.212 kilogram

Total diameter : 18 centimeters

Diameter for the photo : 13.3 centimeters

Thickness : 1.86 centimeters
