Description

P. Mikael: "Still Life with a Pheasant", oil on canvas 54 X 73 cm, circa 1920/30. In spite of some cracks on the fruits which do not interfere with the reading of the painting, this canvas is in very good condition, but deserves a cleaning and a varnish. A pretext to show the differences in textures between the plumage of the bird, the mother-of-pearl of the oysters and the transparency of the glasses, this still life will advantageously adorn a kitchen in a country house or, on the contrary, for the contrast a modern apartment. . Do not hesitate to ask us by mail or telephone for additional information or photos. We have many objects and paintings to restore in our shop / shambles / depot in Pau where I let myself be invaded a little and for which we prefer selling on site, preferably in lots.
