Description

Remarkable castle chandelier in the Italian spirit of the 18th century. Spider-shaped, it is composed of iron, gilded bronze with leaf and crystals, the set has 36 light-carrying arms on two floors: 12 in the upper part and 24 in the lower part. It also includes indirect lighting of 17 light points. It is composed of half-pear crystals, baroque pearls, English pearls and multiples of different diameters. The basins as well as the rosettes have 8 petals. The total of the pearls composing this chandelier is more or less 10,000 pieces. the electrical wiring is up to current standards and is equipped with 4Watts LED bulbs. Remarkable craftsmanship both for the quality of execution and for the balance of its proportions.
