

Decorative Plate In Limoges Porcelain, Grisaille And Gold Paste

250 EUR

Period : 19th century

Condition : Quelques petits manques de pâte d'or

Material : Porcelain

Diameter : 23 cm

Description

Limoges porcelain plate decorated with different patterns painted entirely by hand and a chromolithographic center. We can therefore distinguish flowering stems, reserves with a blue background and cartridges decorated with scales, and finally, in the center, a charming decoration made in grisaille featuring two cherubs among sheaves of wheat. All this decor has been richly enhanced with gold paste. Note some small lack of gilding without incidence. Shipping and protection costs 20 euros in metropolitan France, other destinations contact us.
