

Painting Early Twentieth Young Asian Woman Sitting

280 EUR

Period : 19th century

Condition : Très bon état

Material : Oil painting on cardboard

Width : cadre 23cm vue 17cm

Height : cadre 19cm vue 14cm

Description

Elegant hilum painting on cardboard late 19th early 20th century representing a young woman seated working at a domestic occupation. The sartorial allure of the young woman is reminiscent of a Japanese outfit, just like the couffure. The technique is worked like a sketch and the colors have remained vivid and bright. Quality workmanship presented in an original wooden frame.
