Stained Glass - Stained Glass - Crested Bird

1 300 EUR

Period : 20th century

Condition : Bon état

Width : 46 cm

Height : 148 cm

Description

A long-tailed crested bird sits on the branch of a blooming tree at the edge of a body of water where water lilies grow.
This stained-glass window is made of 12 x 9 cm rectangles of very light yellow cathedral glass, painted with "grisaille" and enamel and then fired at high temperature.
These rectangles are assembled by H shaped lead, soldered with tin.
The stained-glass window is surrounded by a new wooden frame (20 x 20 mm).
