

## Table In Marquetry Of Straw Representing A Port XIX

220 EUR

Period : 19th century

Condition : Très bon état

Length : 35

Width : 24,5

### Description

Straw marquetry table decorated with a port city. It is most likely the work of a 19th century pontoon or convict. It is presented in a contemporary gilded stucco frame of the painting. straw marquetry is a technique that regained its nobility in the 1920s thanks to Parisian cabinet makers. our composition is a fine example of a 19th century convict work
