in all the decorative arts of the time but also durably until today
(graphic arts: painting and engraving, tapestries and toiles by Jouy, as well as for furniture -in particular lacquers and decorations in Martin varnish screens,... ceramics, silver work or interior architecture-woodwork)

Large sizes: 140 by 140cm (Hard cardboard packaging tube for fine conservation and sending, diam 12cm * 150cm)

The colors, especially blue and green, are very fresh for age painting, certainly preserved from light that would have led to a sunstroke of colors and patterns.

The XVIIIth cty wallpaper is in incredible condition (despite some slight tears, traces of folding, cracking and moisture -plesae check detailed photos) and its size will make it a main decorative element for your XVIIIth decoration projects.

Wallpaper has been carefully rolled in rigid cardboard tube (150 and diameter 12cm) for a perfect preservation, in order to avoid any additional folds and protect him from light.
