Description

Magnificent transitional Louis XV, Louis XVI style chest of drawers from the 19th century. Very good quality amaranth veneer work. This chest of drawers opens with three drawers on the front and is adorned with gilded and finely chiseled bronzes. The hooves are particularly beautiful. The dresser has been completely treated and re-varnished with a tampon. It rests on four slightly arched feet. Finally, a restored Languedoc red marble elegantly covers the chest of drawers.
