Description

This exceptional, very complete set is in silver. The set consists of flowery and foliage scrolls set with green, red and white stone, it includes a necklace, 52.5 cm long, a cuff bracelet which measures 19.5 cm but due to its system of attachment can be reduced up to 15 cm, a pair of earrings which measure with the hook 4.5 cm, a ring whose ring is in vermeil, the finger size represents a small 54 or a large 53 and the kitten is 2.5cm x 1.3cm, a brooch whose dimension is 3.2cm x 1.6cm and a belt loop of 6cm x 3.5cm. In excellent condition these jewels seem to us to be a regional production, unfortunately we could not decipher the jeweler's mark and we have no certainty. The precious metals check mark is a boar's head. It is presented in its original box. The swan necks of the earrings have been replaced.
