## Description

Indochina circa 1900: "Pair of small bronze vases", 12 X 13 cm wide with fins. How many times have I heard on addresses the sentence: "You would have seen how dirty it was before and now, I polished it well with the product and it became very shiny again!" "? Originally, these vases had a double patina as on the second: dark with golden medallions, and fortunately, only one of the two has been stripped! Nice models nonetheless decorative Do not hesitate to ask us by mail or telephone for additional information or photos. We have many objects and paintings to restore in our shop / shambles / depot in Pau where I let myself be invaded a little and for which we prefer selling on site, preferably in lots. Come help us tidy up by buying! Other photos and many other objects in our stores in Pau and
