Description

Flat desk with three art deco drawers. It recalls the 18th century ministerial offices with decidedly more modernist proportions and shapes. All in roundness thanks to the broken edges which offers a softer line. Even the central drawer has an ogee in the lower part. (height 68 cm) The rear waistline finds this projection highlighting the four sides. The plinte is returning from the frame, it is enhanced by the tubular chrome placed at each end. The cubist handles are in bronzes covered with a silver leaf. Delivery possible not included in the price
