Description

Pair of art deco period bedside tables. The cubist shape with a simple niche offers a resolutely modernist line. The sides with molded protruding panels accentuated the line a little more. The onyx tops are framed in a staircase shape. The symmetry is perfect with a different grain of wood, a chosen interior and a single lock closure all ordered by customers. The softness of the base and the rear legs lighten the whole even more. The handles, buttons and key are in original silver bronze. Delivery possible not included in the price
