Description

Very beautiful small oil on copper representing Saint Dominic in front of a holy book, holding a rosary in one hand and a branch of lily in the other, following the iconographic tradition very popular in the 17th century, known as "St Dominic in Soriano"

Indeed, a legend born in the 16th century reports that a painting representing St Dominic holding white lilies would have been brought by Virgin Mary to the monastery of Soriano.

17th century work

Dimensions of the copper plate: 17cm x 14cm

Dimensions of the frame: 20cm x 17cm

Reflections on the photos due to the copper support.

This painting is the perfect counterpart to the one representing St Francis of Assisi that we also
