

## Italian Porcelain , Large Golden Imari Dish

480 EUR

Signature : Art du Japon

Period : 18th century

Condition : Bon état

Material : Porcelain

Diameter : 28cm

Height : 4cm

### Description

Large round dish, flared and slightly scalloped border, beautiful decoration painted of 3 colors on a white background: light cobalt blue, iron red and gold. Note that the golds are still very bright, have not turned, or have not been worn ...

Decoration is centered on a medallion with a flowered rock, the outline of which allows four branches with large red and gold flowers to grow obliquely from either side. The border features amazing turning waves. Porcelain is good quality, with a slightly creamy background, it sounds like a crystal.

Diameter: 28cm

Condition: Excellent, the piece must have had a circular bronze setting, because the periphery has undergone a light grinding on the scallops.

Italian porcelain, which I think is 18th or 19thc,
