Description

Exceptional floor lamp dating from the 1950 This light is made of solid brass and steel, it has been cleaned to restore its beauty. The lacquered shelf is decorated with gold leaf inclusions. All parts are original. The operation is perfect, it is controlled by the switch which is at the foot. The globes are in perfect condition. The particularity and the charm of this magnificent luminaire is the mobility of the stems which oscillate gently like a bouquet. This work is rare and wonderful.
