Height : 84

Description

The high-quality romantic portrait of a young woman with a classical landscape in the background is a typical work of a representative of German Romanticism at the beginning of the 19th century. Due to the provenance of the portrait and the comparison of stylistic details, we have attributed this early work to the hand of a German artist from the circle of important Berlin Romantic painters Friedrich Wilhelm von Schadow (1788 Berlin - 1862 Düsseldorf).

Literature: Thieme/Becker "Allgemeines Lexikon der bildenden Künstler.", Leipzig, 1999;

Inscription: unsigned.
